Objective

Find a job as a spaceship commander!

Relevant work experience

Feb. 13–Present	Scientific Collaborator at eXascale Infolab, University of Fribourg, Switzerland <i>Document Stores Benchmarking</i> —doing magic stuff with sensor data and Linked Data. Frequenting pubs in the Galway area.
Nov. 12–Feb. 13	Collaborator at DERI, Galway, Ireland <i>Project Spitfire</i> —doing magic stuff with sensor data and Linked Data. Frequenting pubs in the Galway area.
Jan. 11–May. 12	Collaborator at University of Fribourg, Switzerland <i>Project Bowlogna</i> —an application for generating ontologies of customizable size, based on real data from the Faculty of Humanities. Transforming relational university data into RDF ontology and developing a Web visualisation for interaction with it, using Jena, AllegroGraph, SPARQL, JavaScript, Ajax, jQuery, Cytoscape Web.[2, 3]
Feb. 09–Aug. 10 projects	Junior Software Engineer, Musala Soft, Sofia, Bulgaria <i>Barracuda for Mtel</i> – the biggest mobile operator in Bulgaria, part of Mobilkom Austria Group. Integration project for substituting legacy billing, ordering and CRM systems with products developed by Amdocs. <i>Declaration Management System (DMS)</i> with IBM Netherlands, designed to control and administer movements of goods through Dutch Customs. <i>Content Delivery Platform</i> for Mobilkom Austria Group, an application that provides entertainment content for mobile phones – games, ring tones, pictures through Web or WAP interface.
responsibilities	Refactoring and testing PL/SQL procedures that extract information relevant to billing cycles and different kinds of services and subscribers and provide this information to SAP accounting system. Code design, implementation and refactoring; integration activities, close communication with team members, troubleshooting critical production issues. Main tools used: Java EE, JSF, EJB, Hibernate ORM, Oracle DB.

IT Skills

software technologies, languages and frameworks	Java SE/EE, JSP, JSF, Servlets, Hibernate, JavaScript, JSON, Ajax, jQuery, Web Services, Oracle DB, SQL, PL/SQL, Apache Cassandra, Couchbase, MapReduce, RDF, Apache Jena, SPARQL, Linux
certification	Sun Certified Programmer for the Java Platform, Standard Edition 6 Sun Certified Business Component Developer for the Java EE 5

Education

Master's thesis description	Unconventional Store Systems for RDF Data Overview of some main points of the Web, Semantic Web and Linked Data. Presenting a number of registry systems that handle data broadly generalized as entities with identifiers – DNS, DOA, ENS, Chord DHT and CoralCDN. Comparison of four data storage solutions – AllegroGraph, Open Chord, Apache Cassandra, MySQL in their ability to handle RDF entities, using a benchmarking suite developed in Java.[1]
Sep. 10–Oct. 12	MSc in Computer Science , Swiss Joint Master of Science in Computer Science, Universities of Fribourg, Bern and Neuchâtel, Switzerland
emphasis	Software Engineering – several courses and three projects based on GWT, Google maps API, SOAP, REST, MongoDB, Django; Agile Methodologies; Data Management, Ubiquitous computing; Distributed Systems; Concurrent programming.
2005–2009	BSc in Computer Science , German Engineering Faculty of the Technical University of Sofia, Bulgaria
Mar. 08–Aug. 08	Erasmus exchange student , Karlsruhe Institute of Technology – KIT, Germany

Languages

Bulgarian	Mother tongue
English	Excellent (Certificate in Advanced English – CAE) C1
German	Excellent (DSH-Deutsche Sprachprüfung für den Hochschulzugang) C1
French	Intermediate B1
Russian	Basic A2

Miscellaneous

leisure	Socialising with friends/colleagues; cycling all sorts of bikes; swimming; playing a Bulgarian folk instrument – gadulka; travelling locally and abroad; cooking
driving licence	A+B since 2004
